Interests

Politics
In 2016 I joined a political party and workgroup to keep in touch with all aspects and layers of society. Currently I work as a Committee member at my home town municipality.

Tennis
Tennis combines both technical and mental aspects. it helps to escape from reality and to remain focused during work.

Music
Making music is my way to relax. I play both the piano and the drums. A combination of rhythm and melody.

Nature
I've always had a fascination for nature. My designs are often inspired by them. To taker care for our local nature, I maintain a public fruit meadow.

2013-2016	Honours Programme Technical University Delft (NL)
2015	French course intermediate, CERAN, Spa (BE)
